

Expanded Product Line

The move of the studio will be accompanied by an expansion of the

Studio Boone product line. We will carry a greater selection of brushes, paints, papers, books, and accessories.

The Biff Brush is good to strike punch and hit the paper and is excellent for heavy tree branches and bamboo trunks.

In addition to artist supplies, Studio Boone will also be exhibiting Stephen's paintings for sale as well as Stephen's fine woodworking products as they are created.

STUDIO BOONE Newsletter

Studio Boone is moving! After nearly a year of teaching classes in the workshop at home, we are excited to announce that we will be moving the art studio and classes to the Emerson Cultural Center in downtown Bozeman. This will help us provide the students with a more comfortable and enjoyable studio environment.

The opening of this gallery is the achievement of a vision that we have had for several years. Studio Boone is an interactive gallery where all are welcome who wish to study art in general and Chinese brush painting in particular. Studio Boone will have a relaxing atmosphere that is conducive to meditation and study. With the exception of the times that I am actually teaching a class formally, please bring your supplies and paint in my studio. You are welcome to study and learn from any paintings that I have in the studio. Come to paint, read, relax, and reflect. I really do want this studio to be a community space for the study of Chinese brush painting. I have a vision of a studio that supports the community by providing a space to study and learn as well as teaching and developing my own paintings.

I have had a vision of an interactive studio. This studio would be a place where I could teach others Chinese brush painting. It would be a space where I could channel and focus all of my creative energies. I have also wanted this space to be more than my space. I have seen my brush painting friends come into the studio and study. The vision has been one of an “open house” atmosphere where my friends bring their equipment and paint when they want to. My friends would come to learn from me and teach me as well. This is a place of meditation and study. It is a place where my brush painting family can come and feel welcome at any time.

Grand Opening

Thank you to all who came to visit me during my Grand Opening during the Artwalk at the Emerson last night! I was very happy to see all of you and the turnout was very good.
